

New hotel entrance on corner of Lambeth Road and Kennington Lane

# Expansion of Waterloo Hub Hotel & Suites

## Welcome

Welcome to our virtual exhibition for the proposed further development of the Waterloo Hub Hotel and Suites. The hotel occupies a prominent location, but its rooms and facilities are outdated. Without major investment, it will struggle to survive in the post-covid world.

We are bringing forward sustainable proposals for an enhanced, expanded hotel on the site, renovating existing rooms and spaces and introducing new facilities to achieve the site's first-class potential.

This virtual exhibition is being held in order to present our plans to you and to hear your feedback.
